Special Qualifications

In keeping with the President's commitment to Tuskegee University seeking "Excellence in Every Way," the ideal Assistant/ Associate Professor will possess the willingness to use his or her expertise to assist in the university's efforts to be a sustainable academic organization committed to excellence.

Essential Job Duties and Responsibilities

The College of Agriculture, Environment and Nutrition Sciences (CAENS) invites applications for a full-time faculty position at the rank of assistant or associate professor in the Department of Agricultural and Environmental Sciences in the area(s) of animal and veterinary sciences. The appointment will hold between research, extension and teaching responsibilities.

The successful candidate will:

Provide leadership in animal science related research and extension programs working with socially and historically disadvantaged farmers in Alabama, utilizing innovative practices related with an emphasis on sustainable meat goat and beef cattle production systems

Collaborate with colleagues in a complimentary role in carrying out current and/or developing new programming on animal production to train producers and others as an active member of the TU Cooperative Extension program

Establish and maintain a competitive extramurally funded research/extension program in Animal Sciences that may serve the livestock industry in Alabama and beyond

Teach courses in animal sciences

Pursue creative, scholarly and professional activities at all appropriate levels including administrative, supervisory, and other functions

Participate in student advisement, curriculum development, student activities and college-wide committees

Work closely with undergraduate and graduate students within the college and other stakeholders

Qualifications

Ph.D. in animal science or molecular biology/biotechnology

Must have relevant professional experience

Must have a record of successful teaching, demonstrated scholarship, and the ability to work on a team

Professional experience in different computer program software related to the field preferred

Must have excellent written and oral communication skills

A proven record of grant application experience and industry support for educational initiatives is preferred

Must have a record of peer-reviewed publications (journal articles, technical documents, etc.)
