Job Description

The Department of Clinical Sciences at the Auburn University College of Veterinary Medicine invites applications for a full-time, Clinical or Tenure Track Assistant/Associate/Full Professor of Theriogenology position in the Food and Fiber Animal Section. The individual selected will participate in clinical teaching and service within the Food and Fiber Animal Section, didactic lectures in the professional curriculum, and graduate and resident training. A tenure track position would also have expectations of independent and/or collaborative research.

The duties of this position will be divided between clinical responsibilities, didactic lectures, and graduate and resident training. Teaching obligations will consist primarily of clinical teaching. Clinical responsibilities will include independent, primary care within the Food and Fiber Animal Section of the Large Animal Teaching Hospital. The food animal caseload is predominately beef and dairy cattle, but small ruminants, llamas, alpacas and swine are also seen. Time commitment between clinical
