Job Description

The School of Fisheries, Aquaculture and Aquatic Sciences (SFAAS, www.sfaas.auburn.edu) at Auburn University is seeking applications for a Genomicist. This is a 9-month, tenure track (80% research: 20% instruction) position and will be filled at the rank of Assistant or Associate Professor. The projected start date is August 2025.

The successful candidate will develop an externally funded research program in genomics that is directed toward applied questions in aquaculture, fisheries, or other aquatic sciences. The successful candidate will also be expected to collaborate effectively with SFAAS faculty and colleagues throughout the university. They will also be responsible for teaching courses in the application of genomics to the fields of aquaculture, fisheries, and other aquatic sciences. In addition, the successful candidate will provide academic advising and career counseling for the school; transfer results of the scholarly program through recognized and peer reviewed outlets; and provide leadership to the
