The appointment will be at the rank of Assistant Professor, Associate Professor, or Professor. The final rank a

### **Key Responsibilities**

#### **Medical Director:**

Serve as Medical Director for the Piper Equine and Large Animal Hospitals, overseeing clinical operations, policy development, staffing, personnel management, and quality assurance, under delegated authority of the Associate Dean for Clinical Affairs.

Collaborate with the Chair of Veterinary Population Medicine on issues pertaining to large animal clinicians, including effort allocation and other faculty affairs.

Collaborate with Section Heads to convey large animal needs at hospital leadership meetings, facilitate information flow to faculty, and support staffing decisions that ensure effective hospital operations.

Work closely with the VMC Director of Operations to support hospital operational efficiency.

Participate in budget planning, capital equipment strategy, operational data review, and accreditation reporting.

Promote a culture of safety, well-being, and professional growth for hospital personnel.

#### **Faculty:**

Engage in didactic teaching in the DVM curriculum within disciplinary expertise and departmental needs.

Clinical service and/or research based on candidate strengths and departmental needs.

Participation in departmental and College initiatives, programs and committees.

### **Qualifications**

Large Animal Medical Director  
University of Minnesota College of Veterinary Medicine
