### Job Description

#### Overview

The technicians at the Large Animal Hospital at Cummings School of Veterinary Medicine at Tufts University are highly skilled in handling a wide variety of species. We have over a dozen specialists with extensive experience in large animal Internal Medicine, Surgery, and Sports Medicine; and with this knowledge, the staff can provide our new hires with the training, the tools, and support that they will need to be successful in this environment.

While horses make up the majority of our caseload, our team also works with alpacas, goats, pigs, and other large animals, offering a diverse and enriching clinical experience. Technicians collaborate closely with residents, interns, and faculty clinicians to provide high-quality, compassionate, and timely care to hospitalized patients, as well as urgent support for incoming emergencies. As part of a

renowned teaching hospital, our technicians also play a vital role in educating future veterinary professionals while working with cutting-edge diagnostic and therapeutic tools.

### **Why this role is special:**

- Exposure to a wide range of large animal species beyond horses
- Hands-on involvement in both routine and emergency care
- Integral role in a collaborative teaching environment
- Access to advanced medical technologies and procedures
- Supportive team culture with mentorship from over a dozen specialists

### **Highlights of our benefits:**

- Competitive compensation with shift differentials (\$2–\$4/hour for off-hours) and holiday premium pay
- A 35-hour work week with generous paid holidays (13+ annually)
- Comprehensive health benefits and continuing education opportunities

If you're looking for a new challenge and a rewarding experience in the large animal veterinary field, we encourage you to explore the opportunities available with us.

**This position qualifies for a \$2,000 sign on bonus following successful completion of 6 months of employment for newly hired employees.**

### **What You'll Do**

A Vet Tech in the Hospital for Large Animals is responsible for providing high quality nursing care and treatment to all Internal Medicine, General Diagnostics and Surgery Service, and Sports Medicine Service patients as directed by clinicians/residents or supervising technicians.

Essential Functions as a Veterinary Technician in the Large Animal Hospital will be:

- Overall observation of all LA patients. Perform treatments.
- Assure general comfort and safety of animals and be alert to any unforeseen circumstances.
- Competently administer Rx as ordered.
- Provide instruction/assistance to fourth-year students, new hires, and visiting interns, i.e., catheterizations, venipuncture, rough/sterile preps, proper restraint techniques, reflux horses.
