<b>Job Description</b>	

The Auburn University College of Veterinary Medicine is seeking applications from individuals with a DVM or its equivalent and relevant experience at the time appointment begins. Position is non-tenure track and is available for a minimum of one year as full time 12-month appointment with renewal possible. Responsibilities include but are not limited to working with animals and performing the following:

- Health Maintenance and clinical veterinary oversight duties for project animals.
- Maintenance of health records and clinical assessments in accordance with standard operating procedures.
- Veterinary care and oversight of technical and laboratory procedures.
- Supervision of project personnel or students regarding care and use of animals.

- After hours and emergency care of project animals as required.
- Responsibility for veterinary expertise, oversight and assistance in any associated project activities as required.

The Clinical Veterinary Fellow (Doctor of Veterinary Medicine) will be responsible for supporting the **preventative healthcare and overall well-being of Auburn University's canine colony**. This role will also assist with ongoing research projects and ensure compliance with all laboratory animal health protocols. The position is integral to advancing Auburn's Canine Performance Sciences program and contributes to the College of Veterinary Medicine's mission of excellence in teaching, research, and service.
